WELCOME

The meeting was called to order by Gary Sheppeard.

Kyle Hill and Stanley Stewart were recognized for the fine job they did on the programs and All-State certificates. Everyone expressed their appreciation for the fine job Gary Sheppeard has done this year, especially with organizing the All- State Band.

ALL-STATE BAND

Discussion followed about the audition system for All-State Band. It was mentioned that the All-State Band was set up originally to be selected by auditions. Later due to a shortage of funds, the directors decided to go to the selection process that we have used for the last several years. Now that the state's finances are better it is logical for us to return to the original plan keeping in mind our goals of higher quality, more participation, and fewer cancellations. Sammy Barr moved that auditions be held on a Friday at 1:00 next year rather than on a Saturday. John Ungurait seconded the motion. Unanimous consent. Naz Rhodes recommended we pass out the music at the auditions to those who are selected. Everyone agreed that it is a good idea. Directors who are percussionist agreed to meet to discuss further the improving of the percussion audition material, and or system. It was agreed that encouraging percussionist to learn all percussion instruments is an important goal, as well as balancing the number of strong mallet players with strong battery players in the All-State Band.

Naz Rhodes recommended that we all write Dr. Starkey Morgan, President of Holmes Community College, to thank him for furnishing meals for those who auditioned for All-State Band.
